Upon the request of the Magistrat the Central Komendatura has released the following order:

1. The guarding of factory plants must be made more strict, i.e., the units provided for this purpose will be armed.
2. The plant management is obliged to introduce for each employee and worker an Ausweis with a photo of the holder. This pass must be examined monthly by the plant management and must be marked with a validating stamp. The pass must designate whether the holder is authorized to enter all departments of the factory or only certain specified sections. *✓ shift* ~~With regard to day laborers~~, the pass must show to which ~~shift~~ the laborer belongs. Visitors, purveyors, and others not a part of the factory personnel, must exhibit a special pass from the plant management showing the day and time of the visit.
3. The factory management is hereby obliged to repair any damage to the fences around the plant.
4. Plant directors will establish safety and signal systems at various points in the plants. In times of danger, these will signal the guard or the employees.
5. In special instances the plant directors are authorized to transmit personnel instructions and administrative regulations to the guard units. These instructions or administrative rules, however, must be laid before the appropriate police officials previous to transmission to the guard units.
6. Personnel of the occupation powers may not enter the plants

7. The expenses attendant upon the implementation of this order will be borne by the factories themselves.

Since the plant under your direction was named as one of those to which the question of the more stringent guard regulations applies, we are bringing it to your attention. We urgently request you to take all measures necessary for the fulfillment of the demands in point 2.

With regard to the other points, we will notify you as soon as we have reached an understanding with our appropriate police officials.

The demands of this regulation which are already in effect in your factory, will remain in effect, in so far as they are in accordance with the new order. (For example: monthly ~~checking~~ *checking* of the passes; passes for ~~shiftworkers~~ *shiftworkers*.)
